SUMMARY

Final-year CSE undergraduate (CGPA 3.57/4.00) who builds end-to-end products: Flutter apps backed by Node.js/Express and Firebase, React/Next.js and Django web apps, and LLM/NLP features wired into real user flows. Strong DSA base from competitive programming and an ML research paper accepted for publication. Seeking a software engineering internship to contribute to production code and grow under strong engineering mentorship.

EDUCATION

B.Sc. in Computer Science & Engineering — International Islamic University Chittagong (IIUC) · 2022 – Present
CGPA 3.57/4.00
Coursework: Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks, OOP, Software Engineering

HSC — Hazera Taju Degree College, GPA 5.00 (2019) · SSC — Chandgaon NMC Model High School, GPA 5.00 (2017)

TECHNICAL SKILLS

Languages	Dart, JavaScript, TypeScript, Python, C, C++, Java, SQL
Mobile	Flutter (Android/iOS/Web), Riverpod, Provider, GetX, GoRouter, Hive, sqflite, Google ML Kit
Web & Backend	React, Next.js, Node.js, Express, Django REST Framework, ASP.NET Core (learning), REST APIs, JWT, Tailwind, Bootstrap
Data & Cloud	MongoDB, PostgreSQL, SQLite, Firebase (Auth, Firestore, Admin SDK)
AI / ML	Gemini API, Hugging Face Transformers, PyTorch, scikit-learn, gradient boosting
Tools & Practice	Git & GitHub, Jest, ESLint, Vite, Postman, Linux, Arduino

PROJECTS

OsudSheba — AI Medication Adherence Platform · *Flutter, Riverpod, Node.js/Express, Firebase, Gemini, Next.js* GitHub ↗

- Built a bilingual (Bangla/English) app of ~16.7K lines of Dart across 11 feature modules using Riverpod, GoRouter route guards and Hive offline storage.
- Designed prescription scanning: on-device ML Kit OCR plus an Express endpoint that calls Gemini 2.5 Flash and returns structured medicine/dose JSON for user review.
- Secured the Express backend with Firebase ID-token and subscription-gating middleware, rate limiting, and HMAC-SHA256 verification of carrier-billing (BDApps/AppsPro) webhooks; wrote service tests.
- Added scheduled dose reminders with Bangla voice alerts (TTS), adherence charts and a caregiver dashboard; shipped a Next.js/TypeScript site with an OTP subscription flow.

Echorithm — Personalized News Aggregator · *React, Django REST, MongoDB, Hugging Face* · Team of 3 GitHub ↗

- Aggregated NewsAPI, GNews and Mediastack articles behind a Django REST API with JWT auth and user preferences.
- Added an NLP layer — zero-shot categorization (BART-MNLI), summarization (BART-CNN, T5 fallback), NER and sentiment — powering a filtered React feed.

AccessWatch — Flood Access Field App · *Flutter, Python, GeoJSON, SAR data* GitHub ↗

- Flutter app for a NISAR satellite flood-analysis pipeline: ranks cut-off communities by priority, compares safest vs. shortest routes, and builds mission cards for field teams (custom map rendering).

Attendance Management System · *React 19, Vite, Express 5, MongoDB/Mongoose, Jest* GitHub ↗

- REST API for student CRUD, attendance logging and per-student summaries; attendance logic unit-tested with Jest.

Transportation Management System (IIUC) · *Flutter, Firebase Auth, sqflite, GetX* GitHub ↗

- Campus bus app with an authority panel for routes and allocation, Firebase login and local SQLite storage; shared with testers as an APK.

Also built: Task Manager (Flutter, REST API, email-PIN auth), Notes app (Flutter + Firestore CRUD), Student Grade Tracker (Provider, theming), Password Manager (C++ CLI), Spider Bot (Arduino C++ quadruped, team of 4).

RESEARCH

Fairness-Aware Calibrated Gradient-Boosted Models for Leakage-Safe Chronic Kidney Disease Screening and Staging in NHANES — *accepted for publication.*

CERTIFICATIONS & ACTIVITIES

- **Certifications:** Full Stack Development with ASP.NET Core — CPS Academy (ongoing) · Mobile App Development using Flutter — Ostad (2025) · Android App Development using Flutter — EDGE Bangladesh (2024) · Web Development Basics — BohuBrihi (2023) · Basic Python — SafeNet AI
- Competitive Programming — IIUCCPS & CPS Academy (2022 – Present) · Press & Publication Secretary, IIUC Computer Club · Languages: Bengali (native), English (professional)
